To Mr. Subash Patel,

Per your request for additional information, please see the attached documentation of:

- laydown yard soil sample location map
- laydown yard soil sample analysis
- photos of the laydown yard and several restored sidewalks
- waste manifests for excavated soils within the 35<sup>th</sup> Ave N Superfund site

NOTE: the 7 composite samples taken at the laydown yard were based on 3 lots (L1, L2, and L3), 2 subdivided sections within each lot (A and B), and 5 sample locations for each section (1-5) taken at the 0-6" level. For example, Sample ID L2B-CS-O-6" was a composite sample from points B1 through B5 taken on Lot 2. Sample ID L3A-CSD-O-6" was a duplicate of Sample ID L3A-CS-O-6". See the laydown yard soil sample location map for more details.

Sincerely,

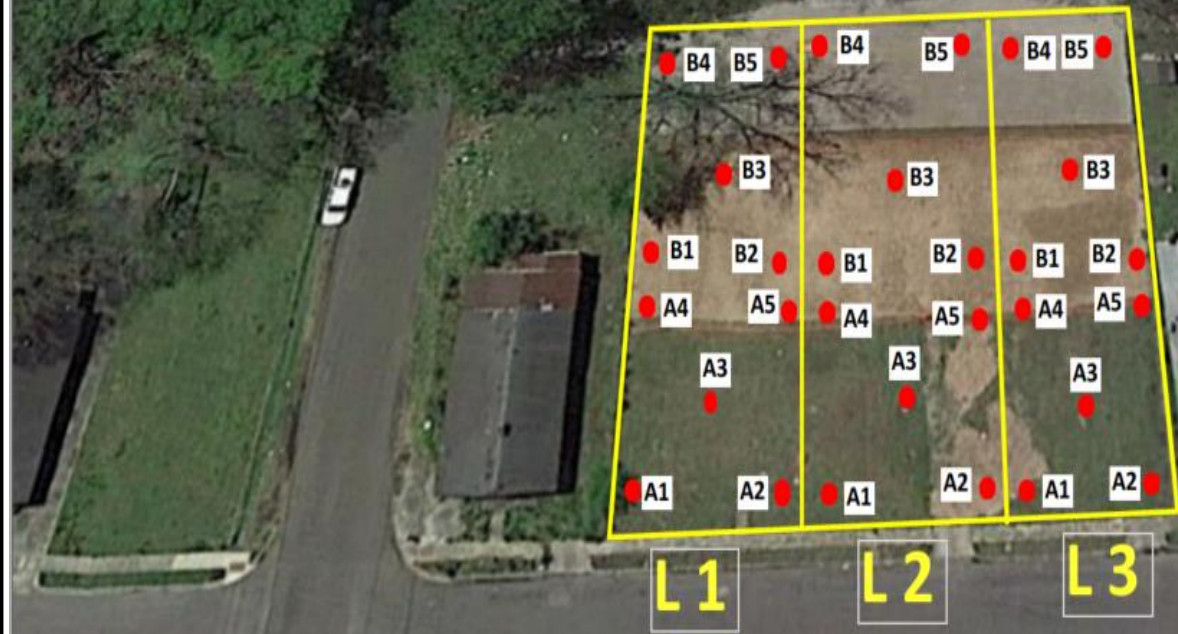

A handwritten signature in black ink that reads "Gabrielle Smyly". The signature is written in a cursive, flowing style.
